

DR RICHARD ANTHONY FERNANDES

B.Sc. (Honours), B.Ed., D.D.S., M.DPH, Cert. Ortho. FRCD (Canada)

Dr. Richard Fernandes was raised in Toronto, Canada. He completed his Bachelor of Science degree and his Bachelor of Education at the University of Toronto. Richard always had an interest in the field of dentistry and pursued this dream by moving to New York City and completing his Doctor of Dental Surgery at Columbia University. Richard's time at Columbia University gave him the opportunity to see the world of orthodontics and the beautiful smiles that could be achieved in adults and children. This led him to attend Boston University where he completed his Certificate of Orthodontics under the tutoring of Dr. Anthony Gianelly, a pioneer in orthodontic treatment techniques. He also completed his Masters in Dental Public Health at Boston University as well. In Richard's free time, he likes to travel, ski and spend time with friends and family. Richard is a Fellow of the Royal College of Dentists of Canada and he currently maintains an orthodontic practice in Brampton, Canada where he treats both adults and children.
